All-new Astra Model Year 2023A

Vauxhall Pure Technology

We believe technology works best when it works for everyone. When it's not just as smart as can be, but also as easy as can be. We call it Vauxhall Pure Technology. Now everyone can feel the instant excitement of electric. Everyone can keep themselves and their loved ones safe. And everyone can stay connected to the things that matter most, simply and easily. That's Vauxhall Pure Technology. No gimmicks, nothing complicated, just technology that makes driving better, easier and more exciting, for everyone.

Vauxhall PureSense

Vauxhall PureSense gives you heightened awareness on the road, with smart driver assistance technology that makes every journey safer and more enjoyable. And the best bit? You don't have to do a thing. PureSense is always on, continually working away in the background, scanning the road ahead, keeping you safe and allowing you to just enjoy the drive.

Vauxhall PureConnect

We live in a connected world. Friends and relatives are only a button away. We play music on demand. Information is instant. At Vauxhall we've brought your connected world inside the car - we call it PureConnect. Easy to use and always on, PureConnect seamlessly connects you to the things that matter through the smooth, flowing Pure Panel display. And, just as intelligently, it connects you to your car's onboard tech, through touchscreen and voice control.

Vauxhall PureEnergy

At Vauxhall, we're on a mission to open up electric driving to everyone. To deliver instant, exhilarating performance with low emissions. To change the way we move, for the better. And with innovative plug-in Hybrid models available across the range, there's an electrified all-new Astra that will fit seamlessly into your life. One that's more exciting than ever, while keeping costs as low as possible. Thanks to PureEnergy from Vauxhall.

Choose Your Trim Level

Design

Inject a little excitement into your commute with the Design, including plenty of 'must have' features as standard.

GS Line

Step up to our sporty GS Line. It's kitted out with a whole host of features that make it fun to drive, and great to look at.

Also available as a Plug-in Hybrid model.

Ultimate

All you could ask for; our Ultimate model has it all.

Also available as a Plug-in Hybrid model.*

*Hatchback model only.

All-new Astra Plug-in Hybrid Range Highlights

GS Line

Standard features include:

PureSense

All-new Astra Sports Tourer Plug-in Hybrid Prices

	LCDV Code	Fuel Type	Price (£)	VAT (£)	Total (£)	On-the-road RRP (£)	Financial Year 2022/23 BiK 20% (£)	WLTP Combined CO ₂ (g/km)* - LCDV Code	Insurance Groups
GS Line									
1.6 (180PS) Turbo/Electric auto	1GO5C5TR8AT0A0CO	Petrol/Electric	31,400.01	6,279.99	37,680.00	38,485.00	51.24	23	27P

WLTP Combined CO₂ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

*Fuel consumption and CO₂ figures are determined according to the WLTP test cycle. CO₂ figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BiK. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £750.00 (inc. £125.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price.

All-new Astra's petrol and diesel engines meet the Real Driving Emissions Step 2 (RDE2) standards.

WLTP Combined CO₂ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

*Fuel consumption and CO₂ figures are determined according to the WLTP test cycle. CO₂ figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BiK. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £750.00 (inc. £125.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price.

PureSense

Model specific features are outlined in the separate tabular information

1. Automatic emergency braking with pedestrian detection

Front camera system monitors the traffic situation in front of the vehicle using the front camera to detect mobile and fixed cars as well as adult pedestrians. The system first warns you through a series of visual and audible alerts and should you not react quickly enough, will automatically brake the vehicle to avoid or mitigate the impact of front-end collisions.*

*Cycles, motorcycles, animals and other objects are not detected.

2. Front camera and radar system – Standard on Ultimate models only

Adds radar-based technology, enabling you to avoid or mitigate the impact of front-end collisions by detecting fixed and mobile objects, such as cycles and pedestrians. The system will even bring the vehicle to a complete standstill when driving under 30mph in traffic.

3. Driver drowsiness alert

If the driver has not actively steered or signalled, the lane departure warning system warns when the car moves outside of lane markings at speeds above 37mph.

4. Adaptive cruise control

Adaptive cruise control uses the radar system to adjust the vehicle's speed to maintain a safe distance from the vehicle ahead, up to the speed limit set.

5. Cruise control with intelligent speed adaption

With steering wheel mounted controls. Enables you to maintain a constant speed, making it ideal for economical motorway driving.

Model specific features are outlined in the separate tabular information

1. Speed sign recognition

Detects and then displays speed limits, reducing uncertainty and the risk of speeding.

Extended traffic sign recognition (not illustrated)

This system is an evolution of standard speed sign recognition. As well as speed signs, it recognises most other traffic signs by using the front camera and displays them on the driver information cluster within the Pure Panel.

Intelli-Drive 1.0 (Includes following three features):

2. Lane change assist with side blind spot alert

This system is radar-based and uses ultrasonic rear bumper sensors to detect a vehicle in your blind spot.

3. Lane positioning assist

This works as a semi-automatic system that helps you integrate into a motorway lane, follow a particular lane, or follow a vehicle ahead. Engaged at the touch of a button.

4. Rear cross traffic alert

Rear cross traffic alert is radar-based and uses rear bumper sensors to detect moving objects to the rear sides of the vehicle when reversing. The system is able to detect cars, trucks, motorcycles, bicycles and pedestrians.

5. Intelli-Vision

Intelli-Vision is a video assistance function for all low-speed manoeuvres. It uses four cameras (front/rear/lateral in door mirrors) and is activated automatically when the car is put into reverse.

6. Keyless entry and start

Simply get in and start the engine without having to find the keys.

Model specific features are outlined in the separate tabular information

1. IntelliLux adaptive LED® pixel headlights

With 84 segments per headlight, the latest IntelliLux adaptive LED® pixel system offers improved visibility that helps make night time driving significantly safer.

2. Anti-glare beam

Anti-glare beam is an advanced full beam that controls independent units of the IntelliLux adaptive LED® pixel headlights.

3. Eco LED headlights with high beam assist

ECO LED headlights with high beam assist are standard on all Astras. The system will detect both ambient light and vehicle specific light for oncoming and leading traffic. Depending on the lighting level, the system automatically switches between high and low beam.

4. Energy saving mode

Energy saving mode switches the cornering lights on and off in conjunction with the Start/Stop System.

5. Tourist mode

Tourist mode decreases the beam intensity and is designed for driving in countries where traffic drives on the other side the road.

6. Adverse weather

The low beam distribution is optimized, to reduce the potential glare to oncoming traffic in wet road conditions.

7. Manoeuvring mode

Manoeuvring mode provides extra light around the vehicle and is designed for parking and reversing.

Adaptive Motorway mode

Motorway mode recognizes whether the vehicle is on a motorway and responds by adapting the headlights for optimum night-time motorway driving (not illustrated).

Effective 20 December 2022

PureConnect

Model specific features are outlined in the following pages

1. Natural voice recognition*

Works with 'wake-up' command 'Hey Vauxhall' to control the following functions:

- Satellite navigation commands
- Phone connectivity functions
- Choice of music playback
- Operation of electronic climate control

Personalisation

The new Pure Panel features a smartphone-like user interface with virtual shortcuts, driver recognition via smartphone and advanced profile management.

2. Central display

The app wall on the 10-inch infotainment touchscreen provides direct access to the main domains such as electronic climate control, navigation, radio, phone, seat and mirror configuration.

2. Wireless smartphone interface

Wireless smartphone projection that allows operations via voice command, touchscreen and buttons to control apps and music playback with Apple CarPlay and Android Auto™ compatibility.

3. Instrument cluster

The driver can customise the content shown on the fully digital 10-inch driver information cluster by selecting via the left stalk. In addition pop-ups such as receiving calls and alerts can be displayed.

4. Inductive wireless smartphone charger – Standard on Ultimate models only

Smartphones can be charged inductively on the charging pad in the front of the centre console.

5. AGR front seats**

The AGR label confirms that the new Astra's ergonomically certified AGR seats meet even the highest levels of comfort. And included with the Leather option on Ultimate models 3-stage seat heating, massage function and seat ventilation. The option also features a driver's seat adjustment with memory function.

Standard Pure Panel Features – The following features are standard across the entire all-new Astra range.

Pure Panel Digital Display

Pure Panel technology makes driving more intuitive, with a flowing design that presents the information you need. With a 10-inch infotainment colour touchscreen and 10-inch digital instrument cluster right in front of you, you can stay focused on the road ahead.

Pure Panel Pro Digital Display

- Features a Multimedia system with 10-inch infotainment colour touchscreen and full digital 10-inch driver information cluster with edge-to-edge glass finish. Standard on GS Line and Ultimate

EV information display

- Powerflow display – Informs drivers on the current state of charge and what is being used as the power source, petrol or electric
- Charge display – displays an image of the charge port with the corresponding LED charge indication lights
- e-Save – enables the driver to determine how much battery energy needs to be conserved to ensure that the vehicle reaches its destination when in a zero emission zone
There are three options:
 - 6 mile range reserve
 - 12 mile range reserve
 - Maximum reserve
- Statistics – The Statistics display the average consumption data over a period of time using colour coded graphs
- **Green:** Energy recovered by braking phases and partial recharging by the petrol engine (kWh/mile)
- **Blue:** Energy consumed by the vehicle directly by the battery (kWh/mile)
- **Orange:** Fuel consumption (mpg)

Digital instrumentation

- Digital speedometer and rev counter
- Satellite Navigation display
- Digital fuel gauge with low fuel level warning light
- Digital water temperature gauge with warning light
- Shift-up/down indication light – Indicates when to change gear for optimum fuel economy

Driver information display

(centrally located in digital instrument cluster)

- Total mileage
- Service-due indicator
- Oil life
- Tyre pressure monitoring system

Multi-function trip computer

(displayed on digital instrument cluster)

- Trip mileage
- Vehicle range based on remaining fuel
- Average speed • Average fuel economy
- Instantaneous fuel economy • Driving time

Digital central facia display

- Audio information
- Digital clock with automatic RDS time adjustment
- Outside air temperature with ice warning function

Intelli-HUD (Head-Up Display) – Ultimate models only

The innovative Intelli-HUD head-up display projects the essential driving information onto the windscreen, in the driver's field of vision. Thanks to its resolution and its wide projection size, it gives a more realistic view of the information. The Intelli-HUD can display different pages linked to the instrument panel in order to share the displayed information on both screens. The pages can be selected via the left stalk. Pop-ups such as media, alerts, receiving calls and phone book can be displayed independently.

Pure Panel Pro digital display.

Intelli-HUD (Head-Up Display).

Standard Infotainment Features – The following features are standard across the entire all-new Astra range.

Onboard features

- Satellite navigation system with natural voice recognition
- 2D/3D street level mapping
- European coverage
- Points-of-interest search
- Map updates via USB
- DAB Digital radio
- RDS with Traffic Programme
- AM/FM stereo radio with 36 station presets
- Six speakers
- Customizable screen adaption with enhanced profile management and driver recognition
- Heating, Ventilation and Air Conditioning (HVAC) user interface
- Over-the-air updates (e.g. for software)
- WiFi updates (e.g. content download)

Media connections

- USB connection with iPod control
- Bluetooth® A2DP audio streaming (Advanced Audio Distribution Profile)

Mobile phone portal

- Bluetooth® connectivity
- Vehicle microphone
- Handsfree calls via steering wheel controls
- Phone book access – Contacts/last calls/missed calls etc are mirrored on the display and are easily navigated using the touchscreen (features dependent on mobile phone)
- SMS read out and reply

Additional features

- Steering wheel mounted audio controls
- Shark fin aerial

Drive Smart

- Live navigation provided by TomTom® services (subscription free for three years and subject to fee thereafter)
- Real time traffic news
- Parking prices and availability
- Weather information
- Natural voice recognition
- Fuel prices
- Charging station search
- Quick search for addresses and points of interest
- Road safety alerts

For further details and terms and conditions see separate Vauxhall Connect page.

Digital infotainment display.

Satellite Navigation display.

Vauxhall Connect

Standard Features – Vauxhall Connect* is the new way to stay connected while on the road. Smart technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip. Activating Vauxhall Connected Services is easy, just visit Vauxhall Connect Store or download MyVauxhall app.

Peace of mind

- Emergency call (SOS e-call)
- Breakdown call (b-call)
- Vehicle status and information**
- Maintenance alerts, fuel level, average fuel consumption and mileage

Vauxhall SOS

In the event of a breakdown or accident, you can count on Vauxhall Connect as your car has its own SIM card installed. If something happens that means there may have been an accident – say, the airbags are inflated or the pre-tensioners on the seatbelts are activated – an automatic message will go off to the emergency services, with details of your location. Vauxhall Connect SOS can be activated manually too – just press the button and you'll be put straight through to the emergency services on the system's integrated phone. So, if you have an accident, or see one, it only takes a few seconds to call for help.

Got a problem with your car but don't need the emergency services? Just press the Vauxhall Connect Assistance button and you'll be connected to our control centre over the system's integrated phone.

Convenience

- E-remote control (Plug-in Hybrid only)**
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature

E-remote

Check and manage your electric/hybrid vehicle range remotely and in real time using your smartphone. With MyVauxhall you can check the charge and range of your vehicle at any time, and if you're plugged into a charging point, you're even able to control charging when you're far away. To offer peace of mind, you can be alerted when the battery is full or the charging is interrupted.

The remote pre-conditioning feature allows you to warm or cool the vehicle to an optimal temperature before starting your journey. With your comfort in mind, this feature allows you to maximise range if your vehicle is on charge, by taking energy from the source, rather than the battery.

This service is supplied free of charge by Vauxhall for the life of the vehicle.

Drive Smart

- Live navigation[†] (subscription included for three years) with on-line traffic, fuel prices and parking information, Points Of Interest (POI) search and weather
- Trip and drive management**
- Timestamping of trips, trip details, last vehicle position, guide-to-car and more

Live Navigation Plus[†]

Vauxhall's fully integrated navigation system helps you stay informed, providing real-time information from the leading European GPS provider, TomTom[®]. It can be operated using natural voice recognition, meaning your eyes need never leave the road.

Vauxhall Live Navigation Plus is included free of charge for three years and can then be renewed at a cost.

- TomTom[®] services
- Real time traffic news
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for addresses and points of interest
- Road safety alerts

PureEnergy

Model specific features are outlined in the following pages

1. Electrified transmission

The e-EAT8 electrified 8-speed automatic transmission system is standard on the Astra Plug-in Hybrid and offers smooth transition between gears. It features:

- A multi-disc wet clutch, replacing the torque convertor
- Permanent electric motor that transforms electric energy into mechanical drive energy
- Electric motor installed into the gearbox and petrol engine
- Electric motor adds an additional electric power of 81.2kW (110PS) and makes a torque of 320Nm for 10 seconds

2. Paddle shift

All-new Astra automatic customers can also experience a more involving driving experience by using the paddle shift levers integrated into the steering wheel; a feature normally found on larger executive sports models.

3/4. Hybrid information displays

All Plug-in-hybrid-specific data is displayed in the infotainment system and can be accessed using the special 'EV' button on the infotainment system. The EV app includes the following submenus:

- Flow
- Statistics
- E-save

5. Electric vehicle services

Electric vehicle services, such as thermal preconditioning and battery charging functions, are available not just with the MyVauxhall app, but also through the infotainment system in certain cases.

Plug-in Hybrid Specifications*

Electrified Transmission

The 8-speed electrified transmission system is standard and offers both smooth transition between gears. The 8-speed electrified gearbox includes the following content:

- Multi-disc wet clutch replaces removed torque converter
- Permanent electric motor that transforms electric energy into mechanical drive energy
- Electric motor installed into the gearbox and petrol engine
- Comes with intuitive and stylish automatic gearbox with electric shifter with shift paddles

The current driving position is indicated to the driver with a LED between:

- **R:** used for reverse driving
- **N:** used for neutral, allowing the vehicle to be moved with ignition off
- **D:** used for automatic drive, the gearbox change gears without any action from the driver
- **B button:** to switch to regenerative braking

Drive Mode Selector

The Drive Mode selector is positioned next to the automatic gearbox with electric shifter and enables drivers to select one of the following:

- Hybrid is the default mode and offers the best of both worlds between controlled fuel consumption and on-road performance
- Sport Mode, draws on the combined power of the engine and motor for a more dynamic drive
- Electric activates the electric engine only, for zero CO₂ emissions and complete silence

Weights

- Kerbweight: 1678kg Hatchback/1717kg Sports Tourer
- Gross vehicle weight: 2150kg Hatchback/2170kg Sports Tourer
- Maximum towing weight:
Braked trailer 1450kg Hatchback/
1400kg Sports Tourer (without brakes 750kg)

Charging

- All-new Astra Plug-in Hybrid range comes with a Mode 2 cable and a 3.7kW on-board charger as standard. Includes cable bag at no extra cost
- A 7kW on-board charger can be purchased as an option for £500 inc VAT

This option halves the vehicle charging time when charging with a 7kW wallbox.

Please note: A Mode 2 cable (standard UK socket**) would charge the vehicle in less than 8 hours.

All-new Astra Plug-in Hybrid range charging time examples are listed showing times dependant on the various powers of charge point which the vehicle is plugged into.

Charging		
Supply	Socket	Charge Time (0-100%)
AC current - Domestic 3 pin socket (2.3kW)	Type 2	5h 30m
AC current - Home wallbox or public charger (3.6kW)	Type 2	3h 30m
AC current - Home wallbox or public charger (7kW) [†]	Type 2	1h 55m

Preliminary data determined according to WLTP test procedure methodology. EU type approval and Certificate of Conformity are not yet available. Preliminary values may differ from official final type approval data. Charging rate depends on power source and charging cable used.

*Provisional data. **Only use a domestic electrical socket that has been checked by a qualified electrician and is protected by a circuit breaker adapted to the amperage of the electrical circuit. [†]Requires optional 7kW on board charger.

Plug-in Hybrid Specifications*

Petrol Engine	1.6 (180PS) Direct Injection Turbo/Electric
Maximum power	150PS (110kW) @ 6000rpm
Combined power	180PS (133kW) @ 6000rpm
Maximum torque	250Nm (184lb.ft.) @ 1750rpm
Combined torque	360Nm (265lb.ft.) @ 6000rpm
Combined CO ₂ emissions (WLTP)#	23–24g/km
Combined fuel economy (WLTP)#	256 mpg (1.1 l/100km)
Combined maximum speed	140mph
0–60mph	7.7 secs
Configuration	4 cylinders, 4 valves per cylinder, double overhead camshafts
Fuel/induction system	Turbocharger. Variable Valve Timing. Common rail direct injection
Emission compliance	Euro 6.4
Service interval	20,000 miles or 1 year (whichever occurs sooner)

Convenience

- E-remote control
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature

For further details and terms and conditions see separate Vauxhall Connect page.

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed via MyVauxhall App or Infotainment system.

Electric Motor	
Maximum power	110hp (81kW) @ 2500rpm

Battery	
Battery capacity	12.4kWh
AC on-board charger speed (standard)	3.7kW
Equivalent All Electric Range – EAER (WLTP high)#	up to 42 miles
Energy consumption (WLTP combined)	16kWh/100km
Battery warranty	8 years/100,000 miles/70% capacity

VX_AST_PHEV_32837

These figures were obtained using a combination of battery power and fuel. The all-new Astra Plug-in Hybrid requires mains electricity for charging.

#WLTP Figures shown are for comparison purposes and should only be compared to the fuel consumption, CO₂ values and electric range of other cars tested to the same technical standard. The fuel consumption and electric range achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); charging frequency; battery condition; variations in weather; driving styles and vehicle load. For more information contact your local Vauxhall Retailer. *Provisional data.

Comfort and Convenience

Model specific features are outlined in the separate tabular information

1. Cool and in control

Electronic climate control is standard on all-new Astra's with dual-zone and Intelli-Air features available. Filters help to keep allergy-causing pollens and bad smells out. A multizone sun sensor adjusts to sunlight intensity and keeps the entire cabin at a steady temperature, whatever the weather outside. It's safer, too: controlled particle air recirculation prevents windows from fogging up for improved visibility.

2. Intelli-Air with air quality sensor

Intelli-Air provides an automatic cabin air exchange when detecting a poor quality atmosphere. The system combines a high-efficiency filter with an air quality sensor that constantly monitors the air quality. The system also provides accurate cabin information through the central Pure Panel display.

3. Storage solutions

There's space for everything inside all-new Astra, with storage in all the right places, featuring 60/40 split folding rear seat backs on Hatchback and 40/20/40 on Sport Tourer models. Both with a foldable armrest and cup holders.

4. Heated front seats and steering wheel

Driver and front passenger seats heat in three stages for a more efficient alternative to climate control – and a driving experience to look forward to.

5. Heated rear seats

Heated outer rear seat cushions are also available as part of the leather option on Ultimate models. These operate through separate dials and in three stages.

6. Heated windscreen

Kiss goodbye to early morning ice scraping with a handy heated windscreen. Pair it with heated front seats and steering wheel, and it's smiles all round.

 - Lumbar adjustment (four-way electrical)
- Heated front and outer rear seats
- 60/40 split-folding rear seat

Steering wheel:

- Three-spoke, heated flat-bottom design
- Perforated leather-covered with accent stitching
- Satin chrome-effect accents

Facia and door trim:

- Black facia with high gloss black inserts
- Instrument panel bar Liquid Palladium
- Alcantara Tramontane inserts on front doors
- Chrome-effect interior door handles

Additional features:

AGR front seats with 3-stage seat heating, massage function and seat ventilation are standard with the leather option. The option also features a driver's seat adjustment with memory function.

VX_AST_33518

Seat trim:

- Nappa Leather seat trim inserts
- Leather-effect side bolsters and surrounds

Specifications

Transmission

Six-speed manual gearbox

Petrol engines: 1.2 (110/130PS) Turbo models

8-speed automatic transmission

Available on the 1.2 (130PS) Turbo/1.5 (130PS) Turbo D, the 8-speed automatic transmission enables increased drive comfort and improved fuel economy. The automatic gear lever has been replaced by an ergonomic e-toggle in harmony with the interior design. The new e-toggle is standard for combustion engine and Plug-in Hybrid.

The current driving position is indicated to the driver with a LED between:

- **R:** used for reverse driving
- **N:** used for neutral, allowing the vehicle to be moved with ignition off
- **D:** used for automatic drive, the gearbox change gears without any action from the driver
- **M button:** Manual shifting mode for combustion engines. The driver changes gears with the shift paddles on steering wheel

The driver can also select between three different driving modes, Sport, Normal and Eco, which offer several enhancements to the driving experience.

Braking and stability

- Electronic Stability Programme (ESP) – ESP monitors many different inputs to determine when the car starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability
- Cornering brake control
- Straight line stability control
- Rollover mitigation
- Drag torque control – Maintain stability on slippery roads when lifting off the accelerator or changing gear
- Hill start assist
- Anti-lock Braking System (ABS)
- Emergency brake assist
- Fading brake support
- Electronic brakeforce distribution
- Adaptive brake lights

Steering

- Power-assisted steering
- Turning circle (wall-to-wall):
 - 10.51m (34.5ft.) Hatchback
 - 10.71m (35.1ft.) Sports Tourer

Fuel Tank Capacity

52 litres (11.4 gallons) Petrol/Diesel
42 litres (9.2 gallons) Plug-in Hybrid

AdBlue® tank capacity

13 litres (2.8 gallons)

Start/Stop technology

All-new Astra's feature Start/Stop technology offering real benefits by improving fuel economy and reducing CO₂ emissions, particularly in town. It does this by automatically stopping the engine when you come to a standstill, and then restarting as you prepare to move off.

Before automatically stopping the engine a number of system checks are carried out to ensure that it is both safe and practical to do so. To ensure safety, the driver must depress the clutch pedal, shift in to neutral, and then release the clutch pedal.

System checks carried out before Auto Stop activates include:

- Start/Stop system is not manually deactivated via the facia button
- Sufficient brake vacuum is available to prevent the car rolling down an incline
- Battery is in good condition and charged
- Outside air temperature and engine temperature are above specified minima
- Electronic climate control (where fitted) is not in maximum heating or maximum cooling mode
- Self-cleaning function of the diesel particulate filter is not active

If all of these conditions are satisfied then the vehicle will Auto Stop.

When you are ready to pull away from standstill, Auto Restart is activated by depressing the clutch pedal.

Whilst at a standstill the vehicle is continually monitored. If necessary, the engine will automatically be restarted. Conditions that would initiate an Auto Restart include:

- Low battery level
- Brake vacuum below specified minimum
- Start/Stop system is manually deactivated
- Stationary for 5.5 minutes

Effective 20 December 2022

All-new Astra Model Year 2023A

Petrol Engines	1.2 (110PS) Turbo	1.2 (130PS) Turbo
Capacity	1199cc	1199cc

#Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

Please note: Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 75kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, maximum noseweight should not exceed 75kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.

*Correct at time of publication. **Provisional data.

Dimensions and Capacities All measurements in mm (inches) unless stated otherwise.

Loadspace Dimensions	Hatchback	Sports Tourer
Load floor length (rear seats folded)	1589 (62.5)	1850 (72.8)
Load floor length (behind rear seats)	795 (31.3) 770 (30.3)**	1026 (40.3) 1018 (40.0)**
Load area width	1020 (40.2)	1032 (40.6)
Load area height	599 (23.5) 601 (23.6)**	599 (23.5) 601 (23.6)**
Tailgate aperture width (maximum)	1019 (40.1)	tba
Tailgate aperture height	526 (20.7)	482 (18.9)

Luggage Capacities* Litres (cu.ft.)	Hatchback	Sports Tourer
Rear seat up (under luggage compartment cover)	422 (14.9) 352 (12.4)**	597 (21.0) 516 (18.2)**
Rear seat down (measured to roof)	1339 (47.2) 1268 (44.7)**	1634 (57.7) 1553 (54.8)**

*Measured using the ECIE method. When a spare wheel is specified loadspace capacity is reduced due to a raised luggage compartment floor. **Plug-in Hybrid.

Company Car Driver and Fleet Information

Benefit in kind company car taxation*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO₂ emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%** for Basic Rate, 40%** for Higher Rate) to calculate your annual benefit in kind tax liability.

Generic example:

Hybrid vehicle: 24g/km CO₂, up to 43 miles (electric-only range)

On-the-road RRP	£32,200.00
Deduct: Vehicle Excise Duty	-£10.00
New vehicle first registration fee	-£55.00
Effective list price	£32,135.00
Add: Optional two-coat metallic paint	£600.00
List price for tax purposes (P11D value)	£32,735.00
Car benefit charge 2022-23 tax year (8%)	£2,619.00
Benefit in kind tax liability	
Basic Rate (20%) tax payer	£523.80
Higher Rate (40%) tax payer	£1,047.60

*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position.
**Excludes residents of Scotland.

BiK for Scottish Residents

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

The BiK rates for Scotland are:

- Over £12,570 – £14,732 Starter Rate 19%
- Over £14,732 – £25,688 Basic Rate 20%
- Over £25,688 – £43,662 Intermediate Rate 21%
- Over £43,662 – £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

CO ₂ emissions (g/km)	Percentage of cars price to be taxed 2022-23 tax year
Up to 50	14%
51 – 54	15%
55 – 59	16%
60 – 64	17%
65 – 69	18%
70 – 74	19%
75 – 79	20%
80 – 84	21%
85 – 89	22%

Further Information

On-the-road prices

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £750.00 (including £125.00 VAT), 12 months' Government Vehicle Excise Duty (see opposite for details) and the DVLA new vehicle first registration fee of £55.00.*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

Please note: Price protection does not apply to Plug-in Hybrid models. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

In the event of an accident

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

Free2Move Lease

Whether you're a big company or a small business looking for vehicle financing, Free2Move Lease, our business finance specialists, can deliver exactly what you need.

Free2Move Lease is one of the UK's largest leasing companies and is also a member of the British Vehicle Rental and Leasing Association (BVRLA).

With over 60,000 vehicles in the Free2Move Lease portfolio, Free2Move Lease is able to offer competitive vehicle solutions. In addition, Free2Move Lease also offer innovative connected management of servicing and maintenance.

For further information, please contact your local Vauxhall Retailer or visit vauxhall.co.uk/offers-finance/business-leasing.html

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO₂) emissions produced by the vehicle. CO₂ emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table opposite.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to the 'standard rate'. From 1 April 2017 the breakpoints for each of these bands have been revised. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £335 is payable for the first five years of standard rate payments.

Vehicle Excise Duty*

Band	CO ₂ emissions in grams per kilometre	First year rate Petrol/Diesel	Standard rate Petrol/Diesel	Standard rate Hybrid
A	0	£0	£0	£0
B	1 – 50	£10	£165	£0

Further Information

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, for Plug-in Hybrid models the cover is extended* to 8 years or 100,000 miles, whichever comes first. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free** phone call away, 24 hours a day, 365 days a year!

Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards. For even more information on Vauxhall's efforts to achieve an environmentally sustainable future, and how to dispose of your end-of-life vehicle, see [vauxhall.co.uk/recycling](https://www.vauxhall.co.uk/recycling)

Vauxhall Care

This all-inclusive service package is available on Vauxhalls under 10 months old (from date of first registration).

This package offers complete peace of mind for the first 3 years of your Vauxhall's life with fixed monthly payments for the plan duration.

- **3 years' Vauxhall servicing** – covers first, second and third annual services. Including a brake-fluid change in the second service
- **2 years' Vauxhall Roadside Assistance** – first year from us
- **First years' MOT[†]** – free of charge by your local Vauxhall Retailer

For full terms and conditions and to sign up, visit: [vauxhall.co.uk/vauxhallcare](https://www.vauxhall.co.uk/vauxhallcare)

Vauxhall Service Club

Vauxhall Service Club is available for all Vauxhall owners, and it's free to join. Members benefit from the following:

- 15% off Vauxhall Approved Accessories
- Vauxhall's aged 2-3 Years = 15% off parts and labour
- Vauxhall's aged over 3 Years = 25% off parts and labour
- Half price MOT's (NI excluded)
- Free pre-MOT test inspection (NI only)
- Fixed price AdBlue[®] Refills
 - Car = £14.99
 - Van = £24.99
- Access to the Vauxhall Accident Management Programme
- Online service booking available 24/7 with servicing appointments available within 3 days – [Book Online](#)
- Collection and delivery/onward mobility options
- Complimentary 'Wash and Vac' with all routine services^{††}
- Vauxhall trained technicians
- Genuine Vauxhall parts
- Minimum 12 months warranty on parts and labour
- Regular newsletters with exclusive offers, discounts and competitions

Terms and conditions apply. To join visit: [vauxhall.co.uk/serviceclub](https://www.vauxhall.co.uk/serviceclub)

Vauxhall Insurance with added reassurance

Comprehensive cover – Summary of benefits

- Competitive premiums
- Repairs by a Vauxhall-trained technician
- Genuine Vauxhall parts, guaranteed for five years when we repair your car within our Approved Repairer Network
- Free courtesy car as standard when using an Approved Repairer[‡]
- 24 hour claims helpline
- Personal Accident benefit
- Cover for audio equipment
- Windscreen cover

The invoice price, including delivery to Retailer, factory-fitted options, accessories fitted by the Retailer and number plates, is subject to VAT. Some feature descriptions in this guide may refer to, and some illustrations may show, optional equipment not included in the standard delivery. The information contained in this guide was accurate at the time of publication. We reserve the right to make changes in design and equipment. Please note that Vauxhall Retailers are not the agents of Vauxhall Motors Limited and are not authorised to bind Vauxhall Motors Limited by any specific or implied undertaking or representation. It is advisable to ensure that your motor insurance policy provides adequate cover for additional fitted options and accessories. The colours in this guide are only approximate actual colours. Illustrated optional equipment is available at extra charge. Availability, technical features and equipment provided on our vehicles can vary by model. For precise information on the equipment provided on our vehicles, please contact your local Vauxhall Retailer.
