*LOOKS THIS GOOD
FEELS SO GREAT.*

VX_CRO_28721.tif

Stopped at traffic lights by a shop window. Quick cheeky glance...looking good.

It's not what you wear, it's how you wear it. Great style's about confidence. An attitude for every moment, whether it's a city break, school run or muddy festival. With swag to spare, Crossland X's got a serious strut on, with sleek, muscular curves made to make you feel good. Wherever, whatever.

GET IN.

Like any relationship, it's not simply about looks. Hey, it's what's inside that counts.

And inside Crossland X you'll see plenty of smart stuff on show.

Its interior and fascia are stylishly uncluttered, with plenty of space, light and all-round visibility, thanks to Crossland X's height.

Seating's adaptable and super comfy too, especially when you can choose heated leather*. There's loads of well thought out storage ideas, and a touchscreen infotainment system everyone's gonna love.

Go on, have a look. It's the beginning of a beautiful relationship.

*Ergonomic active leather front seats optional at extra cost on certain models.

*BEAUTY FROM
THE INSIDE OUT.*

Spend a little time in the Crossland X and you'll feel good things.

Its big-hearted comfort, space and flexibility make your life rock even harder, not forgetting the touchscreen entertainment.

And, as you'll see, its beauty is in the details. From smart ideas like anti-dazzle headlights* and automatic emergency braking* to ergonomic active front seats*, there's plenty of reasons to be cheerful.

And we didn't even mention its lean, mean engines and head-turning models. Beauty... bring it on.

*Optional at extra cost on certain models.

*WE DO THE DAZZLING,
(NOT THE CAR).*

We love to dazzle with the best of them. But when it comes to lighting, it's all about the occasion. So here's a little enlightenment.

You'll drive safer, surer and more relaxed than ever with Crossland X's smart headlights. Not only do they have LEDs that shine brighter than halogen or xenon bulbs, but they adapt to oncoming traffic so you never have to dip your headlights.

You can focus better on the road, see further ahead, and it makes your car easier to see (heck, never any harm in a bit of extra attention).

SOME BRIGHT IDEAS ON BOARD THE CROSSLAND X

Dodge the dipping with high beam assist¹

No need to dip your headlights again – ever. These adaptive headlights sense oncoming vehicles and switch automatically between low and high beam (so you don't have to).

VX_CRO_26768.tif

Make a smart turn with cornering lights

When you're steering into a corner or parking at night (travelling under 25mph), special side beams give you extra visibility.

VX_CRO_26769.tif

¹ Optional at extra cost on certain models as part of the Premium LED Lighting Pack.

*SO SMART,
IT'LL STOP YOU
IN YOUR TRACKS.*

A HEADS-UP ON CROSSLAND X'S SAFETY

Everyone makes mistakes. We're only human, right? But when you're driving, there's more at stake.

That heart-in-mouth moment when you have to brake suddenly. Rewind that moment though – imagine you had a hi-res camera looking out for you, with sensors to alert you seconds quicker and help you brake sooner?

At the wheel of the Crossland X, driving can be so much safer. Smart, reliable tech like automatic emergency braking, head-up display and lane departure warning keep you alert and can buy you vital seconds of reaction time to correct any slip-ups.

Avoid trouble ahead with automatic emergency braking^{1,2}

When you're out on the road, this ingenious system warns if you approach the car in front too fast, and automatically brakes for you as a failsafe. Phew.

Stay on the straight and narrow with lane departure warning

If you drift out of your lane without signalling, this warning system alerts you with a sound and a visual warning.

See what you can't see with side blind spot alert³

If a vehicle moves into your blind spot, you get an instant visual alert.

Get alerts about important speed signs to help you drive

Smarter, safer and helping you avoid fines, the Crossland X's speed sign recognition system detects and alerts you to current and changing speed limits.

¹ Optional at extra cost on certain models as part of the Safety Pack.

² Optional at extra cost on certain models as part of the Park and Go Packs.

³ Please refer to the Crossland X Price and Specification Guide, available to download from vauxhall.co.uk/gocrosslandx for full details on the operation of the automatic emergency braking system.

*ONCE YOU'VE TRIED THIS,
YOU'LL NEVER LOOK BACK.*

VX_CRO_26714.tif

We've got your back with the panoramic rear-view camera¹

Using your facia's touchscreen display, this smart 180° camera gives you a pin-sharp, extra-wide view of the blind spots behind and to the sides of your car, making it so much easier to avoid accidents when you're reversing in and out of spaces.

VX_CRO_26726.tif

LOOK FORWARD (AND BEHIND) TO PERFECT PARKING

Parking's maybe the least popular aspect of driving (apart from being stuck in traffic – that always sucks). So thank the techies for Crossland X's driver assistance systems. Helping you park like a pro and even giving you eyes in the back of your head with a rear-view camera.

Parking's easier with rear distance sensors² to help out

Reversing into that tight space is a whole lot easier with sensors to help guide you.

1 Optional at extra cost on certain models as part of the Rear-view Camera Pack Plus.
2 Optional at extra cost on certain models as part of the Rear-view Camera Pack.

MAKE ROOM FOR LIVING.

VX_CRO_27342.tif

Space. A fundamental concept that's challenged scientific minds for decades. Especially when it comes to packing for your holidays. No need to be challenged by Crossland X's dimensions though. It has space to spare, with the power to split it, expand it and make it more flexible.

Even before you start, the boot's a generous 410 litres. And, with a simple slide of the rear seats, you've got space for anything from giant plants and awkward pushchairs to a car full of kids and a bootload of flat pack furniture*.

Fold and flex

The rear seat backs and armrest fold down separately to make room for storing long and unwieldy objects.

VX_CRO_29304

VX_CRO_29317.tif

Split and slide

You can split the rear seats 40/60 by sliding them forward or back to expand the boot space up to 520 litres*. Or, if you flip the back row of seats flat, you've got a whopping 1,255 litres.

*Garden centre trip with the in-laws.
No bother.*

*Optional as part of the Versatility Pack.

*MADE TO
MOVE YOU.*

No time to hang about? The Crossland X's nippy, solid and efficient handling gives you time to do what you want to do. Its nimble, powerful drive is helped by its smart chassis design and engineering, built for dynamic driving performance with confident, road-hugging control at every turn.

It's driven by a new range of super-efficient petrol and diesel engines with manual or automatic transmissions to suit every driving style, from school runs and city commutes to weekend road trips and family breaks.

*Jobs done.
Family time.
Love it.*

A bit of a smoothie

Crossland X's 6-speed automatic transmission shifts so sweetly you'll hardly notice it's there.

Frugal on fuel

You'll enjoy excellent fuel economy if you choose an ecoTEC engine with super-efficient Start/Stop technology.

Big bite, small engine

For a thrilling ride from a frugal engine, the top-of-the-line 1.2 Turbo Direct Injection delivers a whopping 130PS.

Fuel economy[#] and CO₂^{*} results for the Crossland X. Combined mpg (l/100km): 39.8 (7.1) – 60.1 (4.7). CO₂ emissions: 128 – 105g/km.

[#]Fuel consumption figures are determined according to the WLTP test cycle.

^{*}CO₂ emissions figures are determined according to the WLTP test cycle however, a Government formula is then applied to translate these figures back to what they would have been under the outgoing NEDC test cycle, which WLTP replaces. The correct tax treatment is then applied.

Figures are intended for comparability purposes only. The fuel consumption you achieve under real life driving conditions and CO₂ produced will depend upon a number of factors, including the accessories fitted after registration, variations in driving styles, weather conditions and vehicle load. Only compare fuel consumption and CO₂ with other vehicles tested using the same technical procedures.
